<i>Home Health Care Agency</i>	<i>Pennington,Polk,Red Lake</i>	<i>4</i>	This product is an accountable care organization (ACO) with Altru Health System and their partner clinics and facilities. Because they work together as an integrated system, they can better coordinate care and deliver a better member experience. Integration, collaboration and coordination among all providers within the network are critical to this model's success. As a result, non-partner clinics and facilities are not included in this network. The ACO network is developed to provide members access to a comprehensive group of providers. If a service or type of care is unavailable within the network, members may receive a referral to a non-network provider and receive in-network benefits. Medica supports Telehealth and Telemedicine technologies as an additional option for members.
