Triennial Compliance Assessment

Executive Summary

Federal statutes require the Department of Human Services (DHS) to conduct on-site assessments of each contracted Managed Care Organization (MCO) to ensure they meet minimum contractual standards. Beginning in calendar year 2007, during the Minnesota Department of Health's (MDH's) managed care licensing examination (MDH QA Examination) MDH began collecting (on-behalf of DHS) on-site supplemental compliance information. This information is needed to meet the federal Balanced Budget Act's external quality review regulations and is used by the External Quality Review Organization (EQRO) along with information from other sources to generate a detailed annual technical report (ATR). The ATR is an evaluation of MCO compliance with federal and state quality, timeliness and access to care requirements. The integration of the MDH QA Examination findings along with supplemental information collected by MDH (triennial compliance assessment- TCA) meets the DHS federal requirement.

TCA Process Overview

DHS and MDH collaborated to redesign the SFY TCA processes, simplifying timelines and corrective action plan submissions, and adding a step to confirm MCO compliance with corrective action plans. The basic operational steps remain the same however; when a TCA corrective action plan is needed, the MCO will submit the TCA Corrective Action Plan to MDH following the MDH corrective action plan submission timelines. When the final QA Examination Report is published, the report will include the final TCA Report. Although the attachment of the final TCA Report to the QA Examination Report is a minor enhancement, this will facilitate greater public transparency and simplify finding information on state managed care compliance activities. Below is an overview of the TCA process steps:

- The first step in the process is the collection and validation of the compliance information by MDH. MDH's desk review and on-site QA Examination includes the collection and validation of information on supplemental federal and public program compliance requirements. To facilitate this process the MCO is asked to provide documents as requested by MDH.
- DHS evaluates information collected by MDH to determine if the MCO has "met" or "not met" contract requirements. The MCO will be provided a Preliminary TCA Report to review DHS' initial "met/not met" determinations. At this point, the MCO has an opportunity to refute erroneous information, but may not submit new or additional documentation. Ample time and opportunities are allowed during the QA Examination to submit documents, policies and procedures, or other information to demonstrate

compliance. The MCO must refute erroneous TCA finding within 30 days. TCA challenges will be sent by the MCO to MDH. MDH will forward the MCO's TCA rebuttal comments to DHS for consideration.

- Before making a final determination on “not-met” compliance issues, DHS will consider TCA rebuttal comments by the MCO. DHS will then prepare a final TCA Report that will be sent to MDH and attached to the final QA Examination Report. As a result of attaching the final TCA Report to the QA Examination Report, greater public transparency will be achieved by not separating compliance information and requiring interested stakeholder to query two state agencies for managed care compliance information.
- The MCO will submit to MDH a corrective action plan (CAP) to correct not-met determinations. The MCO TCA CAP must be submitted to MDH within 30 days. If the MCO fails to submit a CAP, and/or address contractual obligation compliance issues, then financial penalties will be assessed.
- Follow-up on the MCO TCA CAP activities to address not-met issues by MDH. During the on-site MDH Mid-cycle QA Exam, MDH will follow-up on TCA not-met issues to ensure the MCO has corrected all issues addressed in the TCA Corrective Action Plan. CAP follow-up findings will be submitted to DHS for review and appropriate action will be initiated by DHS if needed.

I. QI Program Structure - 2019 Contract Section 7.1.1

The MCO must incorporate into its quality assessment and improvement program the standards as described in 42 CFR 438, Subpart D (access, structure and operations, and measurement and improvement)

TCA Quality Program Structure Data Grid

DHS Contractual Element and References	Met or Not Met	Audit Comments
<u>Written Quality Assurance Plan (Quality Program Description)</u>	Met	2018 and 2019, Quality Management Programs were approved.
<u>Access Standards</u> 42 CFR § 438.206 Availability of Services 42 CFR § 438.207 Assurances of Adequate Capacity and Services 42 CFR § 438.208 Coordination and Continuity of Care 42 CFR § 438.210 Coverage and Authorization of Services	Met	
<u>Structure and Operations Standards</u> 42 CFR § 438.214 Provider Selection 42 CFR § 438.218 Enrollee Information 42 CFR § 438.224 Confidentiality and Accuracy of Enrollee Records 42 CFR § 438.226 Enrollment and Disenrollment 42 CFR § 438.228 Grievance Systems 42 CFR § 438.230 sub contractual Relationships and Delegation	Met	
<u>Measurement Improvement Standards</u> 42 CFR § 438.236 Practice Guidelines 42 CFR § 438.240 Quality Assessment and Performance Improvement Program 42 CFR § 438.242 Health Information System	Met	

II. Information System – 2019 Contract Section 7.1.3^{1,2}

The MCO must operate an information system that supports initial and ongoing operations and quality assessment and performance improvement programs.

Information System Data Grid

DHS Contractual Element and References	Met or Not Met	Audit Comments
<p>The MCO must maintain a health information system that collects, analyzes, integrates, and reports data. During each of the past three years, all MCO MDH annual HEDIS performance measures have been certified reportable by an NCQA HEDIS audit.</p>	<p>Met</p>	<p>HEDIS Compliance audits reviewed as follows: 2017 – Metastar 2018 – Metastar 2019 - Metastar Reports state: <i>“In our opinion, Hennepin Health submitted measures were prepared according to the HEDIS Technical Specifications and presents fairly, in all material respects, the organization’s performance with respect to these specifications.”</i></p>

1 Families and Children, Seniors and SNBC Contract Section 7.1.3I

2 42 CFR 438.242

III. Utilization Management - 2019 Contract Section 7.1.4

The MCO shall adopt a utilization management structure consistent with state regulations and federal regulations and current NCQA “Standards for Accreditation of Health Plans.”³ Pursuant to 42 CFR §438.330(b)(3), this structure must include an effective mechanism and written description to detect both under and over utilization.

A. Ensuring Appropriate Utilization

TCA Utilization Management Data Grid for Under/Over Utilization

DHS Contractual Element and References	Met or Not Met	Audit Comments
The MCO shall facilitate the delivery of appropriate care and monitor the impact of its utilization management program to detect and correct potential under and over utilization. The MCO Shall: i. Choose the appropriate number of relevant types of utilization data, including one type related to behavioral health to monitor.	Met	2018 clinical indicators; <ul style="list-style-type: none"> • Inpatient admissions - behavioral health/chemical dependency (BH/CD) and medical • 30-day inpatient readmissions - BH/CD and medical • ED visits - BH/CD and medical • Annual dental visits
The MCO Shall: ii. Set thresholds for the selected types of utilization data and annually quantitatively analyze the data against the established thresholds to detect under and overutilization.	Met	Thresholds set by Hennepin Health trend activity
The MCO Shall:		

³ 2019 *Standards and Guidelines for the Accreditation of Health Plans*, effective July 1, 2019

HENNEPIN HEALTH TRIENNIAL COMPLIANCE ASSESSMENT

DHS Contractual Element and References	Met or Not Met	Audit Comments
iii. Examine possible explanations for all data not within thresholds.	Met	
The MCO Shall: iv. Analyze data not within threshold by medical group or practice.	Met	
The MCO Shall: v. Take action to address identified problems of under or overutilization and measure the effectiveness of its interventions. ⁴⁴	Met	<p>Examples of initiatives to address over/under utilization:</p> <ol style="list-style-type: none"> 1. The Dental Coordinator in the QM Department initiated focus study to address underutilization of PMAP/MNCare dental services, for members ages one through 20 years old. There was an approximate five percent increase in dental utilization among this group compared to 2017. 2. Pilot project to address over-utilization trend for members diagnosed with schizophrenia. Extensive analysis done to determine demographics and possible causes for readmits.

4 42 CFR 438.330(b)(3)

B. 2019 NCQA Standards and Guidelines UM 1 – 4, 10 – 12; QI 4

The following are the 2019 NCQA Standards and Guidelines for the Accreditation of Health Plans UM 1 – 4 and 10 – 12, and QI 4.

TCA Utilization Management Data Grid for NCQA Standards

DHS Contractual Element and References	Met or Not Met	Audit Comments
NCQA Standard UM 1: Utilization Management Structure The organization clearly defines the structures and processes within its utilization management (UM) program and assigns responsibility to appropriate individuals.		Hennepin Health may want to reference applicable policies in its UM plan for reference, for example New Technology Assessment, Delegation Management, etc. (Recommendation)
Element A: Written Program Description	Not Met	Hennepin Health does not specify in its UM Program Description its plan for UM delegation. For example, 1) Hennepin Health delegates dental UM to Delta Dental 2) Clarify its PBM role in UM.
Element B: Physician Involvement	Met	
Element C: Behavioral Healthcare Practitioner Involvement	Met	
Element D: Annual Evaluation	Met	Included in the QA Annual Evaluation
NCQA Standard UM 2: Clinical Criteria for UM Decision To make utilization decisions, the organization uses written criteria based on sound clinical evidence and specifies procedures for appropriately applying the criteria.	Met	
Element A: UM Criteria	Met	
Element B: Availability of Criteria	Met	
Element C: Consistency of Applying Criteria	Met	
NCQA Standard UM 3: Communication Services	Met	

HENNEPIN HEALTH TRIENNIAL COMPLIANCE ASSESSMENT

requirements, and include steps one through seven of the CMS protocol.		
PIP Proposal and PIP Interim Report Validation Sheets. DHS uses these tools to review and validate MCOs' PIP proposals and annual status reports.	NA	None submitted for review

IX. Population Health Management - 2019 Contract Section 7.4

Population Health Management (PHM). The MCO shall create and report to the STATE a Population Health Management Strategy including structure and processes to maintain and improve health care quality, and measures in place to evaluate plan MCO’s performance on its process outcomes (for example, clinical care, or Enrollee experience of care).

The plan for transition to PHM is due March 1, 2019, and must be updated within thirty (30) days if the MCO makes a modification to its PHM Strategy, consistent with section 3.11.3, Service Delivery Plan.

Population Health Management Data Grid

A. Pursuant to 42 CFR § 455.436, the MCO must confirm the identity and determine the exclusion status of Providers and any Person with an Ownership or Control Interest or who is an agent or managing employee of the MCO or its subcontractors through routine checks of Federal databases, including the Social Security Administration's Death Master File and the National Plan and Provider Enumeration System (NPPES), and also upon contract execution or renewal, and credentialing.	Met	
B. The MCO and its subcontractors must search monthly, and upon contract execution or renewal, and credentialing, the OIG List of Excluded Individuals/Entities (LEIE) and the Excluded Parties List System (EPLS, within the HHS System for Awards Management) database (and may search the Medicare Exclusion Database), for any Providers, agents, Persons with an Ownership or Control Interest, and Managing Employees to verify that these persons: (1) Are not excluded from participation in Medicaid under Sections 1128 or 1128A of the Social Security Act; and (2) Have not been convicted of a criminal offense related to that person's involvement in any program established under Medicare, Medicaid or the programs under Title XX of the Social Security Act.	Met	
C. The MCO must require subcontractors to assure to the MCO that no agreements exist with an excluded entity or individual for the provision of items or services related to the MCO's obligation under this Contract.	Met	
D. The MCO shall require all subcontractors to report to the MCO within five (5) days any information regarding individuals or entities specified	Met
