### PATIENT ENROLLMENT PROCESS

STEP ONE

1 2

3

4

#### Patient identifies their qualifying medical condition.

Visit mn.gov/medicalcannabis to learn which medical conditions qualify.

## Patient finds health care practitioner who certifies condition.

Your health care practitioner must go online to the Patient Registry to certify your medical condition.

For help finding a practitioner:

- Ask your medical team or advocacy groups that represent your condition.
- Search on the internet, including the websites for Minnesota's medical cannabis manufacturers.

#### Patient completes enrollment application received via email link & provides photo ID within 90 days of certification.

The annual enrollment fee has been eliminated. Applications are still reviewed by Office of Medical Cannabis staff prior to approval.

#### Patient receives approval email from the Office of Medical Cannabis.

Before you go to your Medical Cannabis Dispensary:

- Schedule an appointment.
- Complete the Patient Self-Evaluation.

# Patient or caregiver picks up medical cannabis at any Medical Cannabis Dispensary in Minnesota.

Medical Cannabis Dispensaries are located in: Blaine, Bloomington, Burnsville, Eagan, Hermantown, Hibbing, Mankato, Minneapolis, Moorhead, New Hope, Rochester, St. Cloud, St. Paul, Willmar and Woodbury.
